Dear Professor Costa:

I am much interested in all of your articles on rings, but the reviews in our Mathematical Reviews have not been very full or complete. Accordingly, I am writing to inquire whether you have reprints of these articles and would be willing to send them to me.

I am not sure that you will receive this letter because I do not know your address and am only making a guess. However, if you do get this letter and will let me know how to address them, I shall be glad to send you some reprints of my own articles on this subject.

Sincerely yours,

Neal H. McCoy
