

Broad Announcement

Subject Line: Special Access to MATLAB and Simulink at ULisboa.

Whether you are working remotely, teaching online courses, or taking online courses, use the latest version of MATLAB, Simulink and 100+ companion products to support your course work and research.

ULisboa is pleased to offer a special license for MATLAB and Simulink through June 30, 2020. All faculty, researchers, and students are eligible to download and install these products on their personally-owned computers or on university-issued computers. In addition, you will have browser access using MATLAB Online and MATLAB Drive.

Go to our [MATLAB Portal](#) to see a list of available products and get started.

Need help with MATLAB Basics? Access free, self-paced training to get started in less than 2 hours: [MATLAB Onramp](#).

Please note that commercial use of MathWorks products is not covered by our Campus-Wide License, so if you are using a commercial license, please continue to do so.

Announcement for Professors to notify Students

Subject Line: Important Information for Students – MATLAB Access

School Name offers a campus-wide license to MATLAB, Simulink, and 100+ companion products. Students are covered by this campus-wide license thru June 30, 2020 and can install software on their home or laptop computers. These products are needed to complete assignments for [**course/program name**].

Access instructions:

1. Go to our [MATLAB Portal](#) to see a list of available products and get started.
2. Click “Sign in to get started” under the Get MATLAB section.
3. You will be asked to create a MathWorks Account. Once you do that, you will be linked to our MATLAB license and will be able to:
 - Download and activate software on your personal computer
 - Start using MATLAB Online from a web browser

If you are not familiar with MATLAB, please complete the 2 hour MATLAB Onramp tutorial that can also be found on our [MATLAB Portal](#) under “Learn to use MATLAB and Simulink”.

If you have trouble installing MATLAB, go to the our [MATLAB Portal](#) and click “Need Installation Help” to get support.

Announcement to be posted on LMS or Course Syllabus

School Name provides MATLAB, Simulink and 100+ companion products free to students for coursework and academic research. Go to the [MATLAB Portal](#) to download the software on your personal computer. Training and Help resources can also be found on the [MATLAB Portal](#).
